Re: TMP Corp. and TMP Jacksonville, LLC
Second Quarter 2004 TTY Status Report
CC Docket No. 94-102

Dear Ms. Dortch:

On June 4, 2002, TMP Corp. and TMP Jacksonville, LLC (collectively the "TMP Carriers") submitted a petition seeking waiver of Section 20.18(c) of the Commission's Rules and the June 30, 2002 deadline for compliance with 911 text telephone ("TTY") obligations for digital wireless carriers ("Petition").¹ On June 28, 2002, the Commission granted the Petition and extended the deadline for the TMP Carriers to June 30, 2003.² On June 27, 2003, the TMP Carriers submitted a Request for Further Extension of TTY Requirements to request a further extension of the TTY deadline until June 30, 2004,³ and on April 15, 2004, supplemented its request for extension to specify a compliance date of November 24, 2004,⁴ to accommodate the projected installation date for the companies' new Nortel switch. The TMP Carriers are pleased

¹ 47 C.F.R. § 20.18(c) (the "TTY Rule"); *In the Matter of Revision of the Commission's Rules to Ensure Compatibility with Enhanced 911 Emergency Calling Systems: Fourth Report and Order*, CC Docket No. 94-102, FCC 00-436 (rel. Dec. 14, 2000) ("Fourth Report and Order").

² See *Revision of the Commission's Rules to Ensure Compatibility with Enhanced 911 Emergency Calling Systems*, CC Docket No. 94-102, Order, DA 02-1540 (rel. June 28, 2002) ("Order") at paras. 6 & 17. In its Order, the Commission granted the TMP carriers' request for a one-year extension. *Id.* The Appendix to the decision, however, erroneously stated that the extension was granted only through January 31, 2003. See *id.* app. A; *TMP Corp. TTY Status Report* (October 15, 2002). Commission staff confirmed that the June 30, 2003 date is the correct extension deadline.

³ See *TMP Corp. and TMP Jacksonville, LLC, Request for Further Extension of TTY Requirements*, CC Docket No. 94-102, filed June 27, 2003.

⁴ See *TMP Corp. and TMP Jacksonville, LLC, Supplement to Request for Further Extension of TTY Requirements & First Quarter 2004 TTY Status Report*, CC Docket No. 94-102 (filed April 15, 2004).

Ms. Marlene H. Dortch

to report that the installation of the new Nortel switch is currently underway, with completion of the testing and cutover to service currently scheduled for Friday, July 23, 2004. The TMP Carriers also report that the TTY functionality is uploaded in the switch, and has tested out as operational.

Respectfully submitted,

Sylvia Lesse
